LIFE programme is the EU's funding instrument for the environment and climate action created in 1992. For the period 2014-2020 the LIFE programme has a budget of more than €3 billion at European level, divided into two separate sub-programmes: the "Environment" sub-programme and the "Climate Actions" sub-programme.

The European Commission manages the LIFE programme through its services Directorate-General for Environment and Directorate-General for Climate Action, and its Executive Agency for Small and Medium-sized Enterprises (EASME).
