

Welcome to the fifth LIFE ALL-IN newsletter that will keep you informed about the evolution of this innovative project, conceived to **drastically reduce the environmental impact of the hygienic products sector.**

Recently, we shared with you the first project results with Ariel and in line elastics extrusion.

If you lost it, read [LIFE ALL-IN progress on elastic extrusion](#).

Have a look to the new project updates.

## “Progetti LIFE d'Abruzzo” Workshop

Last 10 March 2023, LIFE ALL-IN project attended the “progetti LIFE d’Abruzzo” workshop, in Pescara, Italy.

Diego Gualtieri, Global R&D manager of Fameccanica and coordinator of the LIFE ALL-IN project, presented the project, its objectives and results by now, in a 15-minute speech.

Find more information and the replay in our website.

## **LIFE ALL-IN on the EU Innovation Radar Platform**

Innovation Radar is a platform where are collected all cutting-edge EU-funded innovations developed by Europe's leading researchers and innovators.

Innovation Radar has recognized LIFE ALL-IN as “high potential” and “market ready” project

To see our page on [Innovation Radar](#).

A project granted by Life Programme

**LIFE ALL-IN is an EU project  
n° LIFE19 ENV/IT/000230,  
granted by the LIFE  
programme and belongs to  
the Environment action  
sub-programme.**

This document reflects only the author's view, the EC is not responsible for any use that may be made of the information it contains."

LIFE programme is the EU's funding instrument for the environment and climate action created in 1992. For the period 2014-2020 the LIFE programme has a budget of more than €3 billion at European level, divided into two separate sub-programmes: the "Environment" sub-programme and the "Climate Actions" sub-programme.

The European Commission manages the LIFE programme through its services Directorate-General for Environment and Directorate-General for Climate Action, and its Executive Agency for Small and Medium-sized Enterprises (EASME).
