

Welcome to the last LIFE ALL-IN newsletter that will keep you informed about the results of this innovative project, conceived to **drastically reduce the environmental impact of the hygienic products sector.**

Recently, we co-organised with Nonwovens Industry our final workshop webinar, last December 2023. Angelini Technologies-Fameccanica and PNO Consultants France delved into the **details of the research and development** behind the LIFE ALL-IN project and presented **its key outcomes.**

THE LAYMAN'S REPORT

A final note for the LIFE ALL-IN project...

A Layman's report is a general public document summarising the work and results of the LIFE project as well as its long-term environmental benefits.

LIFE ALL-IN just published its Layman's report.

Download it below to know more about LIFE ALL-IN project results and long-term benefits.

A project granted by Life Programme

LIFE ALL-IN is an EU project n°
LIFE19 ENV/IT/000230, granted
by the LIFE programme and
belongs to the Environment
action sub-programme.

This document reflects only the author's view, the EC is not responsible for any use that may be made of the information it contains."

LIFE programme is the EU's funding instrument for the environment and climate action created in 1992. For the period 2014-2020 the LIFE programme has a budget of more than €3 billion at European level, divided into two separate sub-

programmes: the "Environment" sub-programme and the "Climate Actions" sub-programme.

The European Commission manages the LIFE programme through its services Directorate-General for Environment and Directorate-General for Climate Action, and its Executive Agency for Small and Medium-sized Enterprises (EASME).
